

Minutes of meeting

December 2017

Levin Head Boy and Mick deputy head boy

Class 1E : Johnathon, David Group 1 }
 Peter, Isaias, Johnathon. Group 2 }

Re: Improvement in the roof garden

Meeting was done in two groups, but both groups said the same things about how they would like the play area to be.

Johnathon says that the instruments is used by some students, but needs replacing or repairing.

The students want to be given the choice on what they want and how they want the playground to be laid out.

- Get rid of the wigwam
- Bikes need replacing because we need bigger ones for those that are bigger, and some are broken,
- Tracks in playground is broken needs to be removed not enough space in there.
- We want some exercise equipment
- A sensory area for students that needs a calm area for them and somewhere quiet for those that thinks it's too noisy
- Area to keep bikes dry
